

Support for Lutheran Orphanages

\$70,000

Haiti

The LWML shows God's love to children by supplying ongoing operational costs for one year at two of the four Lutheran orphanages in Haiti, providing housing, food, medical care and educational services for homeless and parentless children.

Providing food, water and daily care for children is part of the goal of the Lutheran orphanages in Haiti.

We pray together...

Dear Heavenly Father, the earthquake devastation in Haiti has left many of Your children homeless and parentless. Bless the two Haitian Lutheran church bodies and LCMS World Relief and Human Care as they reach out to serve the physical and spiritual needs of the children being served by Lutheran orphanages in Haiti. Through this LWML grant bring many more children to know and trust You as Lord and Savior, in Whose name we pray. Amen.

Children like these in refugee camps are taught about the love of Jesus and learn to sing His praises. Ministry in the refugee camps is more sporadic, but working with children in the orphanages allows for more long-term contact and care.
