

Exodus 2:6 Project: Spiritual Care in Disasters

\$50,000 *Texas, Louisiana,
Oklahoma*

LWML shares God's love with children and youth in Texas, Oklahoma and Louisiana, who have been negatively affected and often traumatized by natural disasters, providing funding for spiritual and emotional healing to these young people through Lutheran Social Services Disaster Response and trained volunteers.

Children and youth affected by disasters enjoying opportunities to praise and worship in a church-based activity.

We pray together...

Dear Heavenly Father, Your children who have survived horrendous natural disasters are hurting spiritually and emotionally and need reassurance of Your ongoing care. Thank You for causing Lutheran Social Services of the South to reach out through trained volunteers in Lutheran churches to provide crucial spiritual nurturing to these devastated children and youth. Bless all who are touched by this LWML grant. Bring peace and reassurance of Your love to these precious young people. In Jesus' name we pray. Amen.
