

Pregnancy Center: Newborn Protection

\$54,500

*Malaysia,
Southeast Asia*

LWML shows God's love in Malaysia to infants and their mothers who struggle with unplanned pregnancies by funding renovation of a center where these women will receive counseling, care, and the Gospel message, enabling them to make God-pleasing decisions to keep and nurture their babies rather than abandon these precious little ones as the culture pressures them to do.

LCMS World Relief has had a strong presence in SE Asia since the Tsunami with its initial food distribution. That opened doors in many areas of SE Asia, including now the Women's Center in Malaysia.

In August 2010, Bishop Dr. Solomon Rajah dedicated the Center to the Glory of God and for the benefit of the women to be served through the Center's services.

We pray together...

Heavenly Father, guard and guide the mothers and precious children of Malaysia. Through the Women's Care and Counseling Center, LCMS World Relief and Human Care and the Evangelical Lutheran Church in Malaysia have partnered to support many women who have learned of Your love and forgiveness and are making decisions to keep and nurture their babies. Now the Center must relocate and needs our assistance to fund renovations for a new location. Move us to be generous in funding this grant. Bless all those who enter the Center and bring them and their little ones to eternal life with You through Jesus in Whose name we pray. Amen.
