

Haskell Indian Nations University Lutheran Campus Ministry Expansion

\$100,000
Lawrence, Kansas

LWML shows God's love to Native American students at Haskell Indian Nations University (HINU) by funding the Lutheran Campus Ministry Expansion so that native students will be nurtured in their faith and equipped and empowered to share the Gospel in "Reaching Back Teams," witnessing about their faith to the Native American communities.

Every week Will leads the Wednesday noon Bible study at the LIGHT House for Haskell students. Students often volunteer to prepare the meal, usually a Native dish from their tribe.

Below: Kameka, Nia, Tracey, and Rocky help Will and Patricia provide information to freshmen and encourage them to participate in LIGHT House activities to help them discover their God-given abilities, live out their destiny, and thus impact their world.

We pray together...

Creator God, You desire that souls from every nation, tribe, people and language, will someday stand around the throne in heaven praising You and the Lamb. Sadly over 90% of Native Americans still do not know You as their personal Savior. Lord, You have raised up the Lutheran Campus Ministry at HINU to proclaim the Gospel to more than 1,000 students. Bless these students to become powerful witnesses in their communities as they effectively share Your love with their friends and families in culturally sensitive ways. In Jesus' name we pray. Amen.
