

Physical and Spiritual Nourishment for the Impoverished

(partially funded) \$27,970.36

USA/Mexico Border

LWML shows God's love to impoverished people living near the United States/Mexico Border by financially supporting the work of Ysleta Lutheran Mission Human Care (YLMHC), as the mission feeds adults and children in a variety of settings, provides food baskets, teaches Bible lessons and distributes tracts and Bibles to feed the souls of these physically and spiritually hungry people.

Nearly 300 children receive a meal and Bible lesson at these weekly meetings.

A family receives aid from the Saturday food basket distribution.

We pray together...

Dear Jesus, You remind us that when we feed the hungry, we are feeding You. Bless the work of YLMHC as they feed lunches, dinners and supply food baskets to nurture the bodies of the very poor people living in the Rio Grande Valley of El Paso, Texas. May the Bibles, tracts and lessons purchased through the funds of this grant and shared with these same hungry people call many of our precious neighbors to faith in You, the only Savior and Lord, in Whose name we pray. Amen.
